

Application for Development Agreement

This Application for Development Agreement (Works) form is a mandatory process applied by Westernport Water. All developments requiring water supply, recycled water (where applicable) and / or sewerage are to be briefly described. Developer and Consultant contact details are also required. The Corporation expects that the nominated consultant will be the lead agent and / or contact for all design, project management, construction, survey, asset recording, testing and commissioning and verification of works needed for the development.

Are you accredited with Westernport Water? (please tick): Yes No

** Please use the Standard Conditions guidelines to assist you with the completion of this form.*

For this application to be processed, Westernport Water requires the following:

To complete the application, you need to provide a plan of subdivision or development that has all the specified items as indicated below:

- Copy of Title;
- Plan of Subdivision;
- Planning Permit;
- Concept Plan – showing proposed water and sewer assets;
- Functional Layout Plan – showing lot numbers, lot sizes, road names, spot levels or contours to Australian Height Datum (AHD) and building envelopes. This plan is not a detailed design.

I can verify that the above information is true and correct and that all the requested information has been supplied:
