

Ensuring a reliable water supply

Victoria's Permanent Water Saving Rules

Three simple year-round rules help keep our precious water for when we need it, every day of the year.

1

Always use a leak free hose with a trigger nozzle to water your garden and wash your car.

2

Only use sprinklers and drippers before 10am and after 6pm.

3

Don't hose concrete, paths or driveways – use a broom instead.
